## Official “Open” Bocce Regulations

**2022** – MARTINEZ BOCCE FEDERATION LEAGUE PLAY IS INTENDED FOR THE ENJOYMENT OF BOTH PLAYERS AND SPECTATORS. THE FOLLOWING RULES ARE INTENDED TO ENHANCE THE GAME OF BOCCE AND FURTHER THAT ENJOYMENT.

**I. INTRODUCTION:** The game of “Open” Bocce is played with eight (8) large bocce balls and one small target ball (the “pallino”). Only the composition balls accepted by the Martinez Bocce Federation, (MBF) are permitted. The object of the game is to roll the bocce ball closest to the pallino. There are two balls per person, and four players making up a team. Two players from each team are permanently stationed at each end of the court for each game.

**A. The first team to reach 12 points will win the game.**

<p style="text-align: center;"><b>NOTE: BOTH CAPOS MUST AGREE TO START EARLY.</b></p>
---

**Starting the Match:** A coin flip by both Capos will start the match. The winner of the coin flip will determine which end of the court play will begin and may either have the first toss of the pallino or choose the color of the balls. **Teams must play on assigned courts.**

A player may toss the pallino any distance so long as the pallino passes the centerline of the court and does not hit the back wall. If a player fails to validly toss the pallino after one attempt, the opposing team will have one chance to toss the pallino and put it in play. If the opposing team fails to properly toss the pallino, the pallino reverts to the original team. In any case, when the pallino has been properly put into play, the team that originally tossed the pallino will throw the first bocce ball.

**III. PLAYING THE GAME:** The team who originally tossed the pallino, whether successfully or not, throws the first bocce ball. If the bocce ball hits the backboard, that team must roll again until a ball is left in play. After a ball has been left in play, the opposing team will roll until one of their balls is closest to the pallino or they have thrown all their balls. The team whose bocce ball is closest to the pallino is called “inside” and the opposing team “outside”. This continues until both teams have used all their bocce balls. The team who scores, throws the pallino to begin the next frame.

- A. If a player rolls the wrong colored ball, simply replace it with the correct color when the ball stops rolling. **The** opposing team will replace the ball.

- B. **If a player rolls out of turn, return the thrown ball and replace any moved balls back to the approximate spot before the ball was thrown. The opposing team will replace the ball. If both teams agree which color ball was "INSIDE", whether by a measuring device or by sight, and subsequently it was found the decision was incorrect, the "PLAYER ROLLS OUT OF TURN" situation will not apply.**
- C. **If a ball or pallino is moved before all balls are played, the opposing team repositions the ball or balls to the approximate original position. If the pallino is moved during measurements both teams must agree on its repositioning to the original spot. This is to be done in the spirit of good sportsmanship.**
- D. When a team wins a game, players exchange ends of the court and substitutions may be made. The team winning the previous game will toss the pallino to start the next game.
- E. NO PRACTICE BETWEEN GAMES.
- F. After the pallino is in play a thrown ball need only cross the foul line and does not need to cross the center line. Ball must come to rest on playing surface to be in play.

IV. **DEAD BALLS:** Should a player's bocce ball make contact with the backboard, the bocce ball is considered a dead ball on impact and is removed from play until the end of the frame. If after a valid play only the pallino remains on the court, the team that last rolled must roll again until a ball remains in play or that team is out of balls.

- A. If the thrown ball comes to rest on the pallino or another ball that is touching the back wall, that thrown ball remains in play. The ball touching the back wall is removed from play. If the pallino is touching the back wall it remains in play.
- B. If a bocce ball, after hitting the backboard, strikes a stationary bocce ball, that stationary bocce ball shall be replaced in its approximate original position. The thrown bocce ball is removed from play.
- C. If a bocce ball hitting the backboard is not removed quickly enough and, as a result, is struck by a moving ball that likely would have hit the backboard, the moving ball remains in play.
- D. If someone rolls 3 balls in the same frame, the 3<sup>rd</sup> ball is dead (taken out of play) and if it makes contact with other balls, those balls must be returned to original positions.

V. **PALLINO:** Once the pallino has been validly put into play, it remains in play even if it hits the backboard. However, if the pallino is knocked out of the court or is knocked in front of the centerline, the frame will end, no points are awarded, and the game will resume from the opposite end of the court with the same team tossing the pallino. **NOTE: For a ball or pallino to become invalid it must completely leave the boundaries of the court. The balls must come to rest on the playing surface to be valid.**

VI. **FOUL LINE:** Player's movements are limited to the foul line. The player may step on but cannot step over the foul line before releasing the pallino or balls.

**If a foot foul occurs, the thrown ball will be removed from play when it comes to rest. Balls will be returned to their original position by the opposing team.....**

When a player releases the pallino or bocce ball, both feet must be in the court unless that player has a significant physical impairment. **Only players on the same end of the court can call a foot foul. When a player is going to shoot they will alert the opposite team.** If the shooter goes over the foul line the ball is dead and all balls are returned as close as possible to original positions.

**NOTE:- DO NOT WALK PAST THE FOUL LINE WITH THE BOCCE BALL IN HAND AS THIS CONTRAVENES "Player's movements are limited to the foul line"**

- VII. **SHOOTING:** Shooting is allowed if the thrown ball hits the playing surface before the center line and before hitting a bocce ball or pallino. Lofting the ball beyond the center line **IS NOT ALLOWED**. If the thrown ball does not hit the playing surface before the center line and hits a bocce ball or pallino, **everything goes back to the approximate original position. The thrown ball is taken out of play.**
- VIII. **DISPUTES:** The teams playing will referee their own game. One member of the Martinez Bocce Foundation Board of Directors agreed to by both Capos shall decide any disputes, which cannot be resolved by the team Capos. Upon his/her decision the game shall continue.
- IX. **SCORING:** Only the “inside” team scores. One point is given for each ball of the “inside” team that is closer to the pallino than any ball of the opposing team. If at the end of any frame the closest ball of each team is equal distance from the pallino, the frame ends in a tie and no points are awarded to either team. The game will resume from the opposite end of the court with the same team tossing the pallino. Capos of each team are responsible for keeping score sheets and for reporting the results of the match (by submitting “Official Score Sheet **signed by both**” to a designation location). **The score sheet is the official score.**
- X. **MEASUREMENTS:** **All measurements will be made from the inside dimensions of the bocce ball to the inside dimension of the pallino. Do not touch balls. Only two members of each team may be in the court during measurement.** Both Capos must agree on which team has the point(s). If both teams have balls remaining, the team that does not have the closest ball to the pallino rolls again; if all balls have been played, points are awarded based on the balls that are closest to the pallino in accord with Rule IX. **If both teams cannot agree on point, anyone agreed to by both Capos can measure. The decision is final. FRAME OR GAME IS OVER WHEN BOTH CAPOS AGREE.**
- Both teams must be aware, not to kick away or move the balls until both Capos/Teams have agreed on the points scored at the end of each frame. If this happens, the opposing team will replace the pallino/ball/s in the approximate original positions.**
- NOTE:- BALLS CAN BE MEASURED AT ANY TIME DURING THE FRAME AND ALSO AT THE END OF THE FRAME. ALL “INSIDE” BALLS SCORE.**
- XI. **PROTEST:** A protest will be considered valid only if the opposing Capo is notified at the time of the dispute (**before the score sheet is signed**). **Note: write “PROTEST” on the score sheet**, and the game is officially recognized as being played under protest. All protests must be submitted in writing (**forms in the Clubhouse and online**) to the Martinez Bocce Federation within 72 hours of the disputed game. Their decision will be final. A \$5.00 fee must accompany all written protests. **If you win the protest, the fee will be returned.**
- XII. **FOREITS:** **As a courtesy, if your team is unable to play, you must notify your opponents that you will not be playing. The opposing team must submit an official scoresheet showing 3 wins by forfeit and sign it. It only requires the winning team’s signature.**

- A. If a team forfeits any three league matches, the team will finish the remainder of the season, but will return as a new team at the beginning of the next season.
- B. If you forfeit a match during the last four weeks of regular season play, you need to present your case to the Board. The Board will decide your eligibility to play the following season.

**XIII. RESCHEDULING & RAINOUTS: ALL RAINOUTS WILL BE MADE UP.** A Scheduling Coordinator has been assigned for scheduling all rainouts. The Scheduling Coordinator decides on rescheduling dates. If a team or teams are unable to field a legal team (two players) for a make-up match, the games will be forfeited. **No make-up matches will be pre-arranged.** *If they are, the games played will be counted as losses for both teams.* Notifications will be through the HOTLINE and/or Posting on the Bulletin Board and/or “The Website”. No games may be rescheduled for any other reason than bad weather or un-playable court conditions. On rainy days, call the **MBF HOTLINE AT 925-295-2003** for official information. A recorded message by **3PM** will announce the status of play that night. A MBF board member will be present to call a rainout. Any game, not completed **or started at the time of the rainout,** will be played in the makeup game from where the game was interrupted. So, if rain caused postponement during game 2 the makeup game will start from where game 2 was interrupted and then on to game 3. Teams must sign/submit the scoresheet as at the time of the interruption.

**XIV. PLAYERS:**

- A. Additions to team rosters may be made until designated deadlines. Completed rosters must contain names, addresses and phone numbers of all players. **Official team rosters become final on their third week of play.** **After the third week, if a rostered player has played one game for that team, they are obligated to stay on that team. If a player should choose to quit or is removed from a roster, they cannot play for another team for the remainder of the season.
